

LOW - VOLTAGE PENDANTS

Cheers Pendant LED T20

DESCRIPTION

The Cheers pendant light by Tech Lighting is an entirely modern take on the single pendant concept. Highly customizable in nature the Cheers pendant is available as one single pendant or seven pendants combined creating a modern chandelier. Each globe is hand-blown by talented artisans and then fused at the center by tubes that are suspended from one central hub. Your choice of fully dimmable halogen or LED lamping ships with the Cheers saving you both time and money. Pair the single pendant Cheers with the Monorail system by Tech Lighting for greater design customization or combine seven pendants into one modern chandelier. Whether selected in its single form or grouped into a chandelier, the Cheers pendant is ideal for a host of consumer and commercial lighting applications. Incandescent includes (1) or (7) low-voltage, 10 watt xenon bi-pin lamps. LED includes (1) or (7) 3 watt, 500 delivered lumen, 3000K LED modules. Include six feet of field-cutable suspension cable. Dimmable with low-voltage electronic or magnetic dimmer (based on transformer)

clear

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. 7-Lite is not recommended for Kable Lite due to weight.

ACCESSORIES & OPTICAL CONTROLS

Swag Hook

WEIGHT

0.5-3.5lb / 0.23-1.59kg ±

7 cheers

1 cheer
