

Fluid Square Small Flush Mount

LED ADA T20

DESCRIPTION

Flowing water gets frozen in time in the Fluid Square ceiling fixture by Tech Lighting. The Fluid is created by pouring molten glass into a construed mold, then letting it cool, finally a fire-polishing process creates the glossy sleek finish. Hardly appearing the same way twice, depending on the angle observed, this simple piece seems to change at every angel. The Fluid Round is available in two distinct sizes, small and large, and is available in three on-trend hardware finishes. The Fluid Square is ideal for bathroom lighting, hallway lighting and closet lighting and can be mounted either on the wall or ceiling. Your choice of LED lamping ships with the Fluid Round saving you time and money, both lamping options are fully dimmable to create the desired ambiance in your special space. Available in two lamp configurations. Incandescent and LED. Incandescent includes one 120 volt, 40 watt G9 base halogen lamps. LED includes one 12 watt, 526.7 delivered lumen, 90 CRI 2700K or 3000K LED module. Incandescent and LED dimmable with with most LED compatible ELV and Triac dimmers. 277V compatible with 0-10V dimmers. LED may be mounted on wall or ceiling. INC is ceiling mount only. Suitable for wet locations. ADA compliant.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagonal electrical box (not included).
