

LOW - VOLTAGE PENDANTS

Vane Pendant

DESCRIPTION

The Vane pendant light from Tech Lighting takes the ubiquitous metal cylinder and forces it to undergo an intriguing upgrade by introducing an incredibly deep, weathered zinc finish. Its wonderfully imperfect signature texture is naturally created during a meticulous molten aluminum sand casting process that results in a noticeably thick shade which projects a truly iconic spacial impact. The organic, grounded presence this cylindrical pendant light brings to a space makes it ideal for dining room lighting, bedroom lighting and home office lighting. Whether you select the efficient LED lamping or standard incandescent lamping, both options are fully dimmable to create the desired ambiance. Rated for (1) low-voltage, 50 watt max, bi-pin lamp/Dimmable with low-voltage electronic or magnetic dimmer (Lamp Not Included)(Based on the transformer). LED includes 12 volt 8 watt, 435 delivered lumen, 3000K replaceable SORAA LED MR16 lamp. Fixture provided with six feet of field-cutable cable. Dimmable with low-voltage electronic or magnetic dimmer (based on the transformer). Works with SORAA.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. For use on T~TRAK, order FreeJack version and T~TRAK FreeJack Connector (sold separately).

ACCESSORIES & OPTICAL CONTROLS

Swag Hook

WEIGHT

3-3lb / 1.36-1.36kg ±

weathered zinc
